

Get Connected Faster with OCC's **Field Terminable Plug**

The dramatic growth of wireless access points and other IP-enabled devices, such as surveillance cameras and building automation, has created demand for a field installable modular plug that is simple to terminate and meets Cat6A performance requirements. OCC's new Category 6A Field Terminable Plug is designed to terminate with no specialized tooling and supports high performance 10 Gigabit networks. You can always depend on OCC for reliable solutions.

- Easy terminations that ensure consistent and reliable connections
- Ideal for use in wireless access points, IP security devices and building automation controls
- OCC Field Terminable Plugs may be used as part of an end-to-end OCC copper cabling solution backed by OCC's 25-year MDIS Direct Attach System Performance Warranty
- Meets TIA-568-C.2 Category 6A component performance requirements and may be used in Category 5e, 6 and 6A direct attach link or channels
