## GET TO KNOW OCC

**OCC is leading manufacturer of a broad range of fiber optic and copper data communication cabling and connectivity designed for the enterprise market, harsh environments, and other specialty markets.**

» **USA Operations:** With three strategically located facilities across the U.S., we offer quick lead times, fast shipping, and engineering and customer services teams ready to answer all your questions.

» **Small Business:** OCC is a certified small business by the U.S. Small Business Association (SBA), our team of experts are leaders in technical and customer support. As a small business we can easily pivot to meet customer demand and customized needs.

» **One Source Provider:** OCC's robust offering of end-to-end structured cabling and connectivity products support any environment including secure data centers, secure communications, backbone cabling, harsh environments, and passive optical LAN (POL).

» **Quality:** Our solutions are some of the most rugged, reliable, and innovative cabling and connectivity products your department demands.

Federal and Government Agencies choose OCC because of our rugged products and our customer-centric approach to every project. We understand the need for mission-critical reliability and maintaining information at the highest security level, that's why the U.S military has a long history of working with OCC. You can count on OCC to provide solutions that offer flawless performance, exceptional integrity, and innovative technologies to meet the demands of today, as well as, for the future.

» **Innovation:** We are the only company to offer a QPL rated ground tactical fiber optic cable.

» **Network Expertise:** Our history and growth have helped us attract and retain experts in manufacturing, engineering, and design-build applications that provide unprecedented service, support, and assistance.

» **Repair & Restoration:** We understand breaks happen, that's why we offer repair services that are robust and convenient. Whether it's an OCC product, or one from somewhere else, we can fix it.

» **ISO-9001: 2015** at all three locations.

» **MIL-STD-790** certified in our Roanoke, VA and Dallas, TX locations.

» **25-Year Guarantee:** Through our network of certified MDIS installers, we offer a 25-year installation warranty along with our standard warranty plans to provide long-lasting network installations.
