

Upgrade Any Property Without Disruption.

Deliver Connectivity Your Tenants Can't Live Without.

Property owners need clean installs. Tenants need reliable bandwidth. Installers need systems that go in fast and don't come back as trouble tickets. **OCC delivers all three.**

Ideal for: MDU | Hospitality | Senior Living | Student Housing | FTTx Providers

InvisiLight™ Solutions

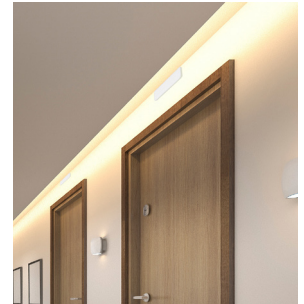

Take Control of the Hallway.

MDU Solution (Hallway Distribution)

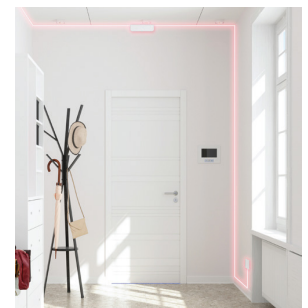

- Fast, low-visibility installs above doorframes and trim.
- Clean routing that blends into building architecture.
- Simple POE transitions from hallway to living units.
- EZ-Bend® fiber handles extreme bends without issues.
- Pre-terminated options cut install time dramatically.

ILU Solution (In-Unit Delivery)

- Nearly invisible fiber cord, disappears into the room.
- Clear-dry adhesive = no repainting, no tenant complaints.
- Repositionable during install.
- Flexible ILU modules for any ONT placement.
- Handles dozens of bends with negligible loss.

InvisiLight MDU Solution

InvisiLight IUL Solution

Pre-Terminated Solutions

Take Control of the Hallway.

Pre-Terminated Fiber Assemblies

- Factory-terminated for guaranteed performance.
- Zero on-site polishing or epoxy.
- Dramatically faster hallway + in-unit installs.
- Perfect for night work, occupied units, and high-volume MDUs.
- Reduces labor requirements on stretched crews.
